BRIGIT HOURIGAN
JUNIOR PROJECT MANAGER

MONIQUE FISCHER
DESIGN ASSISTANT

RACHEL PUREWAL
PROJECT COORDINATOR

Founded in 2005 by Principal Tiffany LeBlanc, LeBlanc Design has been a top interior design firm. Leading a team of seven talented women, LeBlanc exceeds client expectations. "We pride ourselves on clear, open, honest communication. We are committed to making our client's vision come to life. To achieve this, we lean into our roles and work closely with our clients to execute each step of the journey."

When designing, LeBlanc does not lend herself to one aesthetic. Rather, she chooses to listen to the house. "Each home has a story to tell, which unveils itself as the design process unfolds. Over the last few years, we have focused primarily on designing custom homes and creating one-of-a-kind spaces. We recently completed a project that featured suspended bunk beds. Executing this idea was challenging. The team included a contractor, architect, structural engineer, millworker, metal worker, and upholsterer. It came together beautifully and showcased the collaboration needed to make a clients' dream come to life."

Acknowledging the talented women that stand beside her, LeBlanc elaborates on the members of her dynamic team. "They are creative, resilient, intelligent, and unafraid to pursue goals in life and at work. They are problem-solvers who are committed to achieving excellence in design. Isabelle is the lead designer in the office and works closely

with me on all fronts. With a corporate background, Rebecca's focus is on financials and operations. Michela injects modern and fresh design details into our projects and is our millwork expert. Willow is constantly engaged by ensuring that all the projects run smoothly. Brigit brings a positive, steady force with her energized commitment. Monique rises to any challenge that is thrown her way and always comes through with solutions.

Rachel brings west coast energy and can hurdle any obstacle while remaining cool, calm, and collected."

Looking to the future, LeBlanc Design will continue to grow in different ways. Says LeBlanc, "We have a few long-term clients that we have fostered wonderful and trusting relationships with and I hope to create that

with more clients on the projects to come. We are always looking for new challenges to help us grow and evolve in our field. I can confidently say that the future of LeBlanc Design is bright."

LEBLANC ELABORATES ON THE MEMBERS OF HER DYNAMIC TEAM. "THEY ARE PROBLEM-SOLVERS WHO ARE COMMITTED TO ACHIEVING EXCELLENCE IN DESIGN."
